## Praise God for all He is doing in us and through us.

My trip to the US was successful and blessed. I trusted God to provide for the finances needed to make the trip so that I could be with my mother during her heart surgery. She went through the surgery well and is now at home recovering. **Praise God!** I was able to sit with her every day, hold her hand and pray with her; what a blessing that was. I also had a great time visiting with my son, daughter-in-law and grand children. I was so blessed to also spend time with some of our friends and partners.

With my sweet godly mother

God is always faithful, He provided everything needed for the trip. Thank you Jesus and our faithful partners for giving to help us pay for my travel expenses; the donations of our partners and the nice love offering that the Tabernacle gave us provided for all my travel expenses.

Although I enjoyed so much being with my mother, family and friends, it is so nice to be back home. Mew and the children gave me a wonderful welcome home party. It is wonderful to be where God has called me to be and doing what He has called me to do. With the help of our partners, we are taking the gospel where it has never gone before and rescuing abandoned children. We have 4 children now and as we look forward to buying land and expanding, we will soon be able to rescue many more.

The DeVine family

**We need like minded believers that share the call to this ministry to get in touch with us and begin making plans to come and join us.** Once we are able to build the first phase of our new facility, we will need more host parents to help us rescue and care for more children. We could easily rescue 2-3 children per month already if we had the facility and the help of host families. Please pray about joining this great ministry of God.

I went to the US without any materials to share with our partners. My girls quickly prepared the following video and sent it to me. It is a short summary of just a few highlights from the past 6 years. We are so thankful to all our faithful partners that have helped make all this possible. Together we have accomplished many wonderful things for the kingdom of God and we have blessed and forever changed so many lives. I want to share it with you now. God bless you all,
