God continues to bless us abundantly! He is an amazing God and has provided for all of our needs. Not long ago, we asked anyone who felt God put on their hearts to help us with tuition payment for me and Ariya as well as Tunwah, Ann, David and Nadia, for this school year. God also provided the perfect school for our kids and future Home of Hope children to attend. Our mom and dad were able to go through training in Bangkok and are now completely and legally able to open Grace Christian School in our home. This of course means we now need the money for tuition and enrollment of our children; **but we have great news! Thanks to our faithful partners and God who put it on the hearts of others to give, we have already received nearly half the finances needed. Thank you so much.**

Now that Ann and Nadia have joined our family, we need a van that can easily seat the eight of us; we are trusting God that He will provide for this need as well. A year ago while living in Udon, Mew started teaching English at different schools and needed a vehicle of her own to drive to work every day. We were able to buy her a car from our good friends. At the time, it was greatly needed, but now Mew is devoting her time to teaching English in our home and also teaching our children.

We had also started a small business selling candy apples. The business made a great profit and we used the profits to help fund the ministry. We sold the candy apples out of a motorbike and side cart that we had custom made. After knowing it was a good business and that it could really bless someone, we were looking for anybody who would be willing to take it over. After many months, it seemed no one was interested, so we brought the motorbike and cart with us to Nong Bua Lamphu when we moved.

The car and motorbike were great blessings when we had a need for them, but now we *truly* need a van. We put the car and motorbike up for sale this month, planning that when they were sold, we'd be able to put the money toward the van. We prayed that God would send the right buyers and that the vehicles would be a blessing to them. Within two weeks, both the car and motorbike were sold, on the same day, within hours of each other! We still need quite a bit more to be able to buy the van, but I know God will provide.

Having eight members in our family, birthdays come up often. Nadia turned 13 the first of this month and had an amazing birthday. Every day, without anyone asking, Nadia is in the kitchen looking for something to do whether it be washing dishes or assisting with cooking the meals. I have never seen a child so eager and willing to help. She told us she loves cooking, swimming, and playing at the park.

The children understand that there is a God who loves us and provides for all our needs, and that His name is Jesus. David and Tunwah, who have been with us the longest, are very bold and look to pray for anyone they see who is not well. They too, understand that Jesus' power heals people because they have seen it for themselves. **Imagine Thailand in the future when there are hundreds of bold Home of Hope children like David and Tunwah that understand God's love towards everyone.**

David ministering to two men in the park.

Thank you so much to all our partners that are making it possible for us to care for these children; as we move forward, we will rescue many more just like them.

God bless you,
Arisa and Ariya DeVine
